

Prez Sez,

Sorry for the bland newsletter. We started on a great new format with our new editors who are having some equipment problems. I am sure by the next newsletter Steve & Mitzi will be back on track.

This mailing is actually an update on our August event and getting the Registration Form for the Pittsburgh Vintage Grand Prix to you. You may recall last year after hearing of the PVGP saying "I missed it again". You followed our plea to mark your 2007 calendar for the 3rd weekend in July as "PVGP". In this mailing you will find the Registration Form. Please fill it out, mark the times on your calendar, mail it and you're all set for this year.

If you are not familiar with this event, please go to our web site www.mbcapitt.org and read about it and take the links to PVGP web site.

This is a great event to meet other MBCA club members, see a lot of great cars and it benefits our charities. The picture on the opposite page is the view of the track from our tent. I would like to reemphasize that you do not have to own a show car to take part in this event. We attract some of the best show class Mercedes in the world; we also have member brand-new examples. Plus what makes it a great show "ALL THE CARS BETWEEN". Your car does not have to be judged. Just put it in display class. It only has to be presentable. This puts you in the best parking spaces in the park.

Saturday is always the largest show of the event and holds a point judged show. Wexford Post Office caters lunch. Vintage time trials are run on the track. Sunday is Vintage race day. Race can be watched from our tent area.

We have a peoples choice car show with picnic style lunch. Your registration gives you full privileges and lunch for 2 both days. Your registration fee with our club goes totally to the PVGP Charities, The Allegheny Valley Schools and the Autism Society of Pittsburgh.

Our next event will be a Saturday in September, 2006 at the new Mercedes-Benz of Pittsburgh a new Bobby Rahal Motor Group. This dealership is in the original Packard building in Shadyside. Great effort has been taken to keep the old presence of the building with modern sales and service.

This will be a member only "Customer in the Bay Service Day". Plan to come early and stay after. We will have tech sessions running also. You are more than welcome to just come and tour the facility. Refreshments will be served. You can arrange for limited hands on work in the bays. This event sold out the last time in Wexford in just a few days. Another notice will be given before the event. At this writing an opening date was not determined.

To help us register you for the PVGP please mail registration by July 10.

Hope to see you at these events:

Dave Fabyonic - President Pittsburgh Section.
